

## **BMI Sarum Road Hospital**

### ***Introduction***

Consultants are critical to each BMI Healthcare hospital. However, in common with other private healthcare operators and in most instances, BMI Healthcare does not employ these consultants. Instead, most consultants working in our hospitals are self-employed practitioners who see and treat patients at our hospitals under the terms of our “Practising Privileges” policy.

In 2014, the Competition and Markets Authority issued an Order (the “**CMA Order**”) regulating the relationships between private hospital groups and consultants who have Practising Privileges or treat private patients or refer them for tests at group facilities (“**Referring Clinicians**”).

In accordance with the CMA Order, hospital operators are prohibited from entering into any incentive schemes that are designed to encourage Referring Clinicians to refer private patients to, or treat private patients at, their facilities. BMI Healthcare does not operate any such schemes. The Order also requires hospital operators to disclose information about certain arrangements they have with Referring Clinicians, including: ownership interests held by Referring Clinicians in the hospital operator or in equipment used in the hospital; the provision of certain “high value” services to Referring Clinicians; the availability of “low value” basic amenities for Referring Clinicians; and any remuneration for services provided by Referring Clinicians to the hospital. Set out below is information about the common arrangements we have with Referring Clinicians. Further details are also available on our individual hospital webpages.

### ***Higher Value Services***

We charge our Referring Clinicians £20 per hour for using consulting rooms at our hospital, except in relation to NHS patients.

We charge our Referring Clinicians £22.20 per square metre (per month) for using hospital space for their own medical secretaries. Postage and telephone fees are charged separately.

### ***Lower Value Services***

We provide a number of support services to our Referring Clinicians, for which we do not make a charge. Further details regarding these arrangements are provided on our corporate webpages at [click here](#).

### ***General Corporate Hospitality***

At this hospital we provide general corporate hospitality, as detailed on our corporate webpages.

### ***Financial Interests***

The Hampshire Foot and Ankle Clinic (the owners of which include Consultant Orthopaedic Surgeon James Calder and Orthopaedic Surgeon Bob Elliot, both of whom are Orthopaedic Referring Clinicians) own a shockwave therapy machine. Our hospital pays Hampshire Foot and Ankle Clinic a fee for use of this machine.

### ***Services Arrangements***

Dr Matthew Dryden, Microbiologist, provides microbiology and infection prevention and control advice to the hospital. Dr Matthew Dryden receives a payment of £900 per month for this service.

Dr Rosie Kalsi, Intensive Care Medicine and Nephrology Referring Clinician, is paid £900 for medical advice and support with deteriorating patients.

### ***Clinical Chair***

Dr Stephen Wimbush is the Clinical Chair of the hospital. Dr Stephen Wimbush's role includes chairing hospital Clinical Governance Committee meetings and attending the hospital's Senior Management Team meetings. Dr Stephen Wimbush is reimbursed £12,000 per year for these services. In addition, the Clinical Chair will also attend national Clinical Chair meetings, generally in London, for which we reimburse their reasonable travel and attendance expenses.

### ***Questions***

Should you have any further questions in this area, please contact us by email at [company.secretary@circlehealthgroup.co.uk](mailto:company.secretary@circlehealthgroup.co.uk).
