

BMI The Saxon Clinic

Introduction

Consultants are critical to each BMI Healthcare hospital. However, in common with other private healthcare operators and in most instances, BMI Healthcare does not employ these consultants. Instead, most consultants working in our hospitals are self-employed practitioners who see and treat patients at our hospitals under the terms of our “Practising Privileges” policy.

In 2014, the Competition and Markets Authority issued an Order (the “**CMA Order**”) regulating the relationships between private hospital groups and consultants who have Practising Privileges or treat private patients or refer them for tests at group facilities (“**Referring Clinicians**”).

In accordance with the CMA Order, hospital operators are prohibited from entering into any incentive schemes that are designed to encourage Referring Clinicians to refer private patients to, or treat private patients at, their facilities. BMI Healthcare does not operate any such schemes. The Order also requires hospital operators to disclose information about certain arrangements they have with Referring Clinicians, including: ownership interests held by Referring Clinicians in the hospital operator or in equipment used in the hospital; the provision of certain “high value” services to Referring Clinicians; the availability of “low value” basic amenities for Referring Clinicians; and any remuneration for services provided by Referring Clinicians to the hospital. Set out below is information about the common arrangements we have with Referring Clinicians. Further details are also available on our individual hospital webpages.

Higher Value Services

We charge our Referring Clinicians £20 per hour for using consulting rooms at our hospital, except in relation to NHS patients.

We charge our Referring Clinicians £30 per square metre (per month) for space used at the hospital by their private medical secretaries.

Lower Value Services

We provide a number of support services to our Referring Clinicians, for which we do not make a charge. Further details regarding these arrangements are provided on our corporate webpages at [click here](#).

General Corporate Hospitality

In addition to the arrangements detailed on our corporate webpages, we invite members of our hospital Medical Advisory Committee to an annual dinner. The hospital Executive Director and Director of Clinical Services are also invited to attend the dinner. The dinner approximately costs £500.

Our hospital also holds an annual Referring Clinician general meeting, which all Referring Clinicians practising at the hospital are invited to attend. The event approximately costs the hospital £1,500.

Our hospital also holds annual specialty evening meetings (including dinner) with groups of Referring Clinicians. All Referring Clinicians are invited and the average cost is approximately £20 per head.

Financial Interests

Dr Elizabeth-Anne Jenkins, Rheumatologist, has a portable ultrasound machine. No charge is made for its use by the hospital.

Services Arrangements

Dr Mohammed Mansoor Raza, Microbiologist, provides the hospital with infection prevention and control advice and attends the hospital's Infection Prevention and Control Committee. Dr Raza receives a payment of £900 per month for this service.

Clinical Chair

Professor Doug McWhinnie is the Clinical Chair of the hospital. Professor Doug McWhinnie's role includes chairing hospital Clinical Governance Committee meetings and attending the hospital's Senior Management Team meetings. Professor Doug McWhinnie is reimbursed £12,000 per year for these services. In addition, the Clinical Chair will also attend national Clinical Chair meetings, generally in London, for which we reimburse their reasonable travel and attendance expenses.

Questions
