Cavell Hospitals

DIRECTORY OF CONSULTANTS 2021

BMI The Kings Oak & Cavell Hospitals

Inspected and rated

Good

CareQuality
Commission

Your patient's safety is our priority

To keep your patients safe in our hospital some of the measures we have in place are:

Our staff wear appropriate Personal Protective Equipment

Patients and visitors must wear face masks

Visitor numbers are limited to minimise risk to patients and staff

Everyone in our hospital has easy access to handwashing facilities and sanitisers

Patients will be asked to complete a screening questionnaire so we can assess any risk of COVID-19

All patients being admitted will be tested for COVID-19, with an additional temperature check upon arrival

BMI The Kings Oak & Cavell Hospitals are part of BMI Healthcare, the UK's largest provider of independent healthcare*

At BMI Healthcare, we have over 52 hospitals and healthcare facilities nationwide. Throughout these locations, we treat more than 300,000 patients and manage over one and a half million outpatient visits every year, offering a wealth of experience, highly complex surgery, a patient-centred approach and access to some highly specialised consultants. BMI The Kings Oak & Cavell Hospitals also have access to some of the latest technology and equipment, including:

- ✓ 4 operating theatres (of which 2 are orthopaedic laminar flow operating theatres)
- ✓ 4 minor operation/treatment rooms
- ✓ 26 consulting rooms
- ✓ Dedicated Paediatric ward
- ✓ Dedicated Oncology unit
- ✓ Diagnostic imaging - X-ray, ultrasound, MRI and CT scanner, digital mammography
- ✓ Endoscopy suite
- ✓ Fluoroscopy suite
- ✓ Cardiac screening
- ✓ One Stop Breast clinic

BMI Healthcare is proud of its consistently low hospital infection rates for MRSA bacteraemia and Clostridium difficile. This is achieved by a carefully planned regime of rigorous infection prevention policies, surveillance, training and exceptionally high standards of cleaning.

*Based on the number of hospitals/treatment centres within the UK - September 2020. **Satisfaction figures are based on patients giving a rating of 'very good' or 'excellent' of a sample of 829 and Nursing figures based on patients rating 'excellent / very satisfied' of a sample of 901 completing a questionnaire over the period October 2019 - September 2020. ***Overall quality of care score is based on patients giving a rating of 'very good' or 'excellent' of a sample of 2,141 completing a questionnaire over the period October 2019 - September 2020. ****Friends and Family recommendation figures are based on 2,156 patients saying that they are 'extremely likely / likely' to recommend the hospital to friends and family over the period October 2019 - September 2020. Questionnaires analysed by Quality Health, who are an independent survey provider.

Exceeded or met

friends*

ANAESTHETICS		
Dr K Ayazi (M)	Back pain, pelvic pain, musculoskeletal and neuropathic pain	Royal Free London Foundation
Dr A Ghei (F)	Injection techniques for lower back & neck pain inc. facet joint, sacroiliac joint injections & radiofrequency denervation procedures; epidural steroid injections; pelvic pain; CRPS; neuropathic & msk pain; fibromyalgia; peripheral nerve injections.	West Hertfordshire Hospitals
Dr Y Jayran-Nejad (M)	Orthopaedics, pain surgery	Royal Free London Foundation
Dr P McGowan (M)	Neuropathic and back pain, head and neck pain; post surgical pain, trauma related pain	Royal Free London Foundation
BREAST SURGERY		
Mr M Al-Dubaisi (M)	Management of benign & malignant breast diseases, breast reconstruction, management of high risk patients, One-stop breast clinic (private).	Royal Free London Foundation
Mrs F Crosbie (F)	Breast surgery & breast reconstruction DIEP flap.	Royal Free London Foundation
Mr M Fazel (M)	Breast cancer surgery, breast reconstruction, cosmetic surgery (breast augmentation, lift, reduction, tummy tuck, VASER liposuction), onco plastic surgery, breast screening, high risk families, intra operative radiotherapy	Private
Miss J Gahir (F)	Oncoplastic Breast & General Surgeon offering general & breast surgery. Breast care/ cancer/disease, benign breast problems & reconstructive surgery (asymmetry, augmentation & reduction).	North Middlesex University Hospital
Mr V Jaffe (M)	One Stop Breast Clinic, breast disease & gynaecomastia in men	Barnet And Chase Farm Hospitals
CARDIOLOGY		
Dr S Ahsan (M)	Electrophysiology, implantable devices, pacemakers, defibrillators, patients with hypertension, blackouts, chest pains and heart failure	North Middlesex University Hospital
Dr Z Chen (M)	Palpitations, blackouts/syncope, chest pains, short of breath and high blood pressure. Catheter ablation for all arrhythmia including SVT, atrial fibrillation and ventricular tachycardia. Cardiac devices.	Ashford And St Peter's Hospitals
Dr T Crake (M)	General adult cardiology - coronary artery disease, valvular heart disease, arrhythmias, hypertension, heart failure and cardio-oncology, chest pain, shortness of breath, palpitations and syncope/blackouts.	North Middlesex University Hospital
Dr S Kennon (M)	Treatment of heart valve disease including TAVI. Treatment of coronary artery disease including stents. Treatment of palpitations including AF. Treatment of high blood pressure. Cardio-oncology.	Royal Free London Foundation
Dr D Maradia (M)	All general cardiology inc.: coronary artery disease, hyperlipidaemia, hypertension, arrhythmia, syncope and familial hypercholesterolemia and valvular heart disease. Stress echocardiography, transesophageal echocardiography and bubble echocardiogram	North Middlesex University Hospital
Dr M Ozkor (M)	General outpatient cardiology including: Angina (chest pain); hypertension (high blood pressure); valve disease; heart failure; referrals for investigation of palpitations and collapse; cardiovascular risk assessment; perioperative cardiac assessment	North Middlesex University Hospital
Dr R Simon (M)	Outpatient cardiology: General cardiology; rhythm disturbance; ablation; device therapy and heart failure.	North Middlesex University Hospital
Dr E Smith (M)	Interventional cardiology, chest pain, angina, coronary angioplasty and stenting, chronic total occlusions, hypertension, palpitations, atrial fibrillation, valve disease and heart failure.	Royal Free London Foundation
CLINICAL NEUROPHYSIOLOGY		
Dr M Al-Khayatt (M)	Peripheral neuropathies, radiculopathies, muscle diseases, neuromuscular disorders and epilepsy	St George's Healthcare
Dr B Youl (M)	Nerve and muscle injury, EMG nerve conduction tests.	Royal Free London Foundation

CLINICAL ONCOLOGY		
Dr G Anand (F)	Breast, lung and skin malignancies (non melanoma).	North Middlesex University Hospital
Dr S Karp (M)	Breast, GI, prostate, cyberknife and rapid arc radiotherapy (IGRT and IMRT)	North Middlesex University Hospital
Dr L Melcher (F)	Upper and lower gastrointestinal malignancies and urological malignancies with an interest in oesophageal and colonic cancers, bladder cancer and prostate cancer.	North Middlesex University Hospital
DENTAL MEDICINE SPECIALITIES		
Mr G Bassi (M)	Restorative Dentistry including dental implants, crowns, bridges, build-up of teeth, dentures, treatment and management of gum disease both non-surgical and surgical, management of restorative problems and complications.	University College London Hospitals Foundation
DERMATOLOGY		
Dr V Hill (F)	Paediatric and adult dermatology; allergy related to the skin and special interest in atopic eczema.	Royal Free London Foundation
Dr S Mansoor (M)	Diseases of skin, hair and nails, adult and paediatric, acne, allergy, skin cancer, mole check, lumps and bumps removal, cosmetic dermatology, non-invasive cosmetic procedures	Royal Free London Foundation
Dr S Murali (M)	Adult and paediatric dermatology, male genital skin diseases, eczema,allergy,psoriasis , skin cancers, minor skin surgery , acne, botox for hyperhidrosis	Royal Free London Foundation
Dr I Palamaras (M)	Skin rashes, Skin cancer and pigmented skin lesions, Dermatological and laser surgery, Mohs micrographic surgery , Acne and acne scarring, Hair loss in women, Nail problems, Genital skin conditions.	Royal Free London Foundation
Dr W Robles (F)	General dermatology, oncologic dermatological surgery, cosmetic dermatological surgery, anti-ageing medicine and laser surgery.	Private
Dr H Stevens (M)	Skin cancer, Mohs micrographic surgery and dermatological surgery, rashes, eczema and acne. General dermatology and Genital dermatology.	Barnet And Chase Farm Hospitals
ENDOCRINOLOGY AND DIABETES MELLITUS		
Dr C Baynes (M)	General clinical endocrinology, particularly thyroid, parathyroid, adrenal and diabetes	Royal Free London Foundation
Ms A Holdsworth (F)	Cardiology, oncology, bariatric surgery and weight management, women's health, gastroenterology, paediatrics, allergy/intolerances, diabetes, IBS, IBD.	Guy's and St Thomas' Foundation
Dr J Katz (M)	Thyrotoxicosis (overactive thyroid), hypothyroidism (underactive thyroid), polycystic ovary syndrome, high prolactin, diabetes (mainly type 2 diabetes in the private sector) and general endocrinology.	Barnet And Chase Farm Hospitals
Miss N Keshwala (F)	Acute Dietitian with a special interest in gastrointestinal diseases.	Hinchingbrooke Health Care
Dr S Russell (F)	Full range of endocrine disorders and diabetes. Sub-specialist interests include thyroid, thyroid nodules/cancer, parathyroid, polycystic ovaries, adrenal and pituitary disorder, diabetes/thyroid in pregnancy.	Royal Free London Foundation
Ms J Schlezinger (F)	Paediatric dietician specialising in food allergies & intolerance in infants & children, complex feeding problems in infants & children, weight management in children, nutritional assessment in infants & children.	Royal Free London Foundation
Dr L Seal (M)	All aspects of adult endocrinology	Royal Free London Foundation
Mrs S Shepherd (F)	IBS, coeliac disease, ulcerative colitis & crohn's, nutritional support of patients with dementia, dysphagia & cancer. Type II diabetes. Dietary management of elevated cholesterol. Women's Health (menopause and older age) and weight management.	The Royal Marsden Foundation
