BMI MOUNT ALVERNIA HOSPITAL

is part of Circle Health Group, the UK's largest provider of independent healthcare*

At Circle Health Group, we have 53 hospitals and healthcare facilities nationwide. Throughout these locations, we treat more than 300,000 patients and manage over one and a half million outpatient visits every year, offering a wealth of experience, highly complex surgery, a patient-centred approach and access to highly specialised consultants. BMI Mount Alvernia Hospital also has access to some of the latest technology and equipment, including:

- ✓ 39 overnight beds with ensuite bathrooms
- ✓ 6 bay endoscopy / minor ops Ambulatory Care Unit
- ✓ 3 operating theatres
- ✓ 12 consulting rooms including dedicated ENT, ophthalmic and cardiology rooms and an audiology booth
- ✓ St Martha's Cancer Centre, which provides nine rooms and six pods for chemotherapy
- ✓ MRI, CT Scanner & digital X-ray
- ✓ PET CT Scanner & Nuclear medicine services
- ✓ Digital mammography
- ✓ Dedicated pre-assessment area
- ✓ Physiotherapy
- ✓ Health Screening
- ✓ Radiotherapy
- ✓ Chemotherapy
- ✓ On-site Pharmacy
- ✓ Pathology lab
- ✓ Cardiology department

Circle Health Group is proud of its consistently low hospital infection rates for MRSA bacteraemia and Clostridium difficile. This is achieved by a carefully planned regime of rigorous infection prevention policies, surveillance, training and exceptionally high standards of cleaning.

*Based on the number of hospitals/treatment centres within the UK - Sep 2020. **Expectation figures based on patients rating 'met/exceeded' of a sample of 294 and Nursing figures based on patients rating 'excellent / very satisfied' of a sample of 306 completing a questionnaire Oct 2019 - Sep 2020. ***Overall quality of care score based on patients rating 'very good' or 'excellent' of a sample of 814 completing a questionnaire Oct 2019 - Sep 2020. ****Friends and Family recommendation figures based on 814 patients saying that they are 'extremely likely/likely' to recommend the hospital to friends and family over the period Oct 2019 - Sep 2020. Questionnaires analysed by Quality Health, an independent survey provider.

ANAESTHETICS		
Dr M Baloch	Chronic pain management, interventional pain techniques for back and neck pain, neuropathic pain and complex regional pain syndrome, medico legal reports	Frimley Health Foundation
Dr A Dow	Acute and chronic pain management, injection therapies, back pain, neck pain, neuropathic pain, abdominal and pelvic pain, groin pain, post-surgical pain, sciatica, shingles pain, peripheral neuropathic pain, head pain, complex regional pain syndrome	Royal Surrey County Hospital
Mr A Quaille	Provides opinions, investigations and treatment options on all spinal conditions other than deformity; supervises physical therapy; performs non-operative interventions (epidurals, nerve root blocks, facet joint blocks or radiofrequency denervation)	Private
Dr D Tonucci	Anaesthesia and chronic pain management	Royal Surrey County Hospital
BREAST SURGERY		
Dr R Daoud	Oncoplastic breast and melanoma surgery	Frimley Health Foundation
Mr M Kothari	Breast reduction, breast implantation/augmentation, breast mastopexy, sentinel lymph node biopsy, breast reconstruction and correction of asymmetry	Ashford And St Peter's Hospitals
Mr F Pakzad	Oncoplastic breast and skin cancer surgery; manages all aspects of benign and malignant breast disease, breast reconstruction and cosmetic breast surgery. Special interest in skin cancer surgery especially management of melanoma	Royal Surrey County Hospital
Mrs J Singh	Breast cancer; family history; risk-reducing surgery; benign breast disease; breast screening; oncoplastic breast surgery; breast reconstruction. Breast cancer surgery (lumpectomy; therapeutic mastopexy) and benign breast operations	Surrey And Sussex Healthcare
CARDIOLOGY		
Dr T Chua	Interventional cardiology, coronary artery disease, heart failure, hypertension, atrial fibrillation, heart valve disease and pacemakers	Royal Surrey County Hospital
Dr S Cookson	General cardiology, ischaemic heart disease, hypertension, heart failure, cardiac MRI, cardiac CT, echocardiography	Royal Surrey County Hospital
Dr M Hickman	Palpitations/arrhythmia, hypertension, coronary artery disease, cardiac imaging, pacemaker/ICD implantation, cardiovascular risk management, general adult cardiology	Royal Surrey County Hospital
Mr T Musa	Heart failure, diagnostic catheterisation, endomyocardial biopsy, permanent pacemaker implantation	Royal Surrey County Hospital
Dr Z Shaikh	Management of all general cardiology including chest pain, breathlessness, palpitations, hypertension, lipids, heart failure, heart valve disease, syncope. Evidence-based, patient-centred, holistic approach. Interests: cardiac imaging and prevention	Ashford And St Peter's Hospitals
CLINICAL NEUROPHYSIOLOGY		
Dr H Modarres	Clinical neurophysiology, electromyography (EMG) and nerve conduction studies (NCS)	St George's Healthcare
CLINICAL ONCOLOGY		
Dr M Ajaz	Melanoma, squamous cell carcinoma, basal cell carcinoma, merkel cell carcinoma, stereotactic body radiotherapy and other specialist radiotherapy, immunotherapy	Royal Surrey County Hospital
Dr S Essapen	Management of colonic (bowel) and anal malignancies using chemotherapy, immunotherapy and radiotherapy, including IMRT. Plays a significant role in national clinical trials and laboratory-based research	Royal Surrey County Hospital
Dr M Ezhil	Thoracic oncology, systemic therapy for lung cancer including chemotherapy, targeted therapy and immunotherapy radiotherapy, chemotherapy and radiotherapy for mesothelioma and thymoma, SABR for lung cancer and oligometastases, lymphoma radiotherapy	Royal Surrey County Hospital
Dr A Franklin	Gynae-oncology, brachytherapy and carcinoma of unknown primary	Royal Surrey County Hospital
Dr A Mehta	Clinical oncology (lung, oesophagus and stomach cancers); advanced radiotherapy techniques; novel therapies	Royal Surrey County Hospital
Dr C Mikropoulos	Urogenital (prostate, bladder and testicular cancers), gynaecological and colorectal cancers; radiotherapy treatment for haematological patients	Royal Surrey County Hospital

CLINICAL ONCOLOGY		
Dr A Neal	Breast cancer; chemotherapy/radiotherapy/biological therapies	Royal Surrey County Hospital
Dr N Patel	Breast cancer, acute oncology and cancer of the unknown primary	Royal Surrey County Hospital
Professor F Paterson	Clinical oncology, breast oncology	Royal Surrey County Hospital
Dr C Perna	Clinical oncology, oncology, uro-oncology, medical oncology, urological cancer	Royal Surrey County Hospital
Dr R Shaffer	Skin cancer, prostate and bladder cancer, brain and spinal tumours, Dupuytren's disease, Ledderhose disease (plantar fibromas)	Private
Dr A Stewart	Clinical oncology cancer treatment using radiotherapy and/or chemotherapy with a special interest in brachytherapy and IMRT. Treating gynaecological cancers, anal and rectal cancers. Also using the Papillon technique for rectal preservation	Royal Surrey County Hospital
Dr M Teoh	Breast cancer, acute oncology	Royal Surrey County Hospital

Cancer Care

With access to a fast diagnosis, usually within 48 hours, and personalised treatment, our multidisciplinary team will support and care for your patients every step of the way.

We offer the reassurance of the full cancer pathway from screening and diagnosis through to specialist surgery, chemotherapy and aftercare.

Your patients can use their private medical insurance or can choose to pay for their own treatment. They can even spread the cost interest-free*.

CLINICAL RADIOLOGY		
Dr N Ashford	Nuclear medicine, PETCT, general radiology, MRI, CT and ultrasound	Surrey And Sussex Healthcare
Dr A Carne	General radiology, musculoskeletal ultrasound including injections	Royal Surrey County Hospital
Dr S Chapman	General radiology, chest and cardiac imaging	Royal Surrey County Hospital
Dr J Crawshaw	General radiology, PETCT, CT and MRI	Royal Surrey County Hospital
Dr H Evans	Musculoskeletal and sports imaging, CT, MRI and ultrasound, including ultrasound-guided diagnostic and therapeutic musculoskeletal injections	Frimley Health Foundation
Dr C Gademsetty	General radiology, musculoskeletal ultrasound including injections, MRI and CT	Royal Surrey County Hospital
Dr A Hatrick	Hepato-biliary imaging and intervention, vascular imaging and intervention, interventional radiology, abdominal imaging (USS, MRI and CT) and cardiac CT scanning, spinal imaging and intervention (including nerve root blocks)	Royal Surrey County Hospital
Dr J Healy	All aspects of musculoskeletal imaging with a particular expertise in sports injury	Chelsea And Westminster Hospital Foundation
Dr A Horton	General radiology including CT, MRI, and ultrasound, hepatobiliary and urological imaging including multiparametric prostate, image-guided procedures, biopsy, port-a-cath insertion, tumour ablation, radioembolisation (SIRT), TACE	Royal Surrey County Hospital
Dr F Hussain	Oncological imaging, general radiology, interventional radiology, MRI and CT	Royal Surrey County Hospital
Dr S Idriz	Head and neck radiology including thyroid imaging, gastrointestinal imaging, specialist prostate imaging, ultrasound-guided procedures, general radiology, MRI and CT	Royal Surrey County Hospital
Dr M Ingram	Chest, cardiac and gynaecological imaging, general radiology, MRI and CT	Royal Surrey County Hospital
Dr D Johnson	Neuroradiology, MRI/CT brain and spine, image guided procedures for back and neck	Royal Surrey County Hospital
Dr A Mehta	Diagnostic neuroradiology, neuro-oncology, neuro-degenerative diseases	Imperial College Healthcare
Dr K Potter	General radiology, ultrasound, MRI and CT	Royal Surrey County Hospital
Dr V Prakash	Diagnostics: general nuclear medicine and PETCT	Royal Surrey County Hospital
Dr G Price	Breast imaging, head and neck	Royal Surrey County Hospital
Dr V Scott	Breast ultrasound, image-guided breast/axillary biopsy/FNA, guidewire localisations, breast MRI, mammogram/tomosynthesis reporting, general CT/MRI reporting, general ultrasound, transvaginal ultrasound, plain film reporting	Royal Surrey County Hospital
Dr A Sian	Diagnostic radiology, breast radiology, MRI breast	Royal Surrey County Hospital
Dr S Watson (M)	Head and neck radiology, paediatric radiology and general radiology	Royal Surrey County Hospital
Dr E Wood	General radiology, ultrasound, plain film, MRI and CT. Particular interests in chest, musculoskeletal and cardiac imaging	Royal Surrey County Hospital

DERMATOLOGY		
Dr S Hern	All routine dermatology procedures, skin cancers, skin surgery, cutaneous lasers	Frimley Health Foundation
Dr R Palmer	General dermatology	Private
Dr A Pink	General dermatology, eczema, psoriasis, acne, rosacea and skin cancer	Guy's and St Thomas' Foundation
Dr J Slater	Mole checks; skin cancer detection and reconstructive surgery for basal cell carcinoma, squamous cell carcinoma and melanoma. General Dermatology including hair loss, eczema and psoriasis. Removal of benign lesions - cysts, moles and lipomas	Frimley Health Foundation
GASTROENTEROLOGY		
Professor A Ala	Colonoscopy, endoscopy, gastrointestinal, liver, bile duct, pancreatic cancer, irritable and inflammatory bowel disease, abdominal pain, viral hepatitis, abnormal liver tests, fatty liver, rare liver disease, fibroscan/assessment of liver disease	Royal Surrey County Hospital
Dr S Evans	Inflammatory bowel disease, endoscopic ultrasound, colonoscopy	Ashford And St Peter's Hospitals
Mr S Irukulla	Laparoscopic general surgery, upper GI and bariatric surgery	Ashford And St Peter's Hospitals
Dr D Majumdar	Colonoscopy, gastroscopy, ERCP, gastrointestinal cancers, peptic ulcer, reflux, irritable/inflammatory bowel disease, abdominal pain, hepatology, abnormal liver tests, fatty liver, fibroscan/assessment of liver disease, cirrhosis	Ashford And St Peter's Hospitals
Dr A Naik	Endoscopy, gastroscopy, colonoscopy, acid reflux, change in bowel habits, colitis, capsule endoscopy, ERCP, lower GI symptoms, liver disease.	Ashford And St Peter's Hospitals
Dr P Sattianayagam	Investigation and treatment of intestinal/liver diseases; abdominal pain, gastro-oesophageal reflux, rectal bleeding, irritable bowel syndrome, inflammatory bowel disease; gastroscopy and colonoscopy	Surrey And Sussex Healthcare
GENERAL (INTERNAL) MEDICINE		
Dr M Khan	Geriatric medicine and diseases common in the elderly population, dementia, syncope, fluctuating blood pressure, comorbidity	Epsom And St Helier University Hospitals
Dr K McCullough	General diabetes and endocrine disorders, including pancreatic diabetes, pituitary, calcium and thyroid disorders and adrenal conditions (Addison's disease, obesity and testosterone deficiency) and general medicine	Royal Surrey County Hospital
GENERAL PRACTICE		
Dr R Ballance	Private GP service	Private
Dr L Bye	Skin care consultations, anti-wrinkle injections (botox), dermal filler, skin rejuvenation treatments including skin boosters, microneedling, medical grade chemical peels and medical grade products	Private
Dr P Hendley	Private GP service	Private
Dr F Meurisse	Private GP with special interest in sexual problems, erectile dysfunction, loss of libido, premature ejaculation and testosterone insufficiency	Royal Surrey County Hospital
Dr L Selby	Private GP with an interest in health screening, general medicine and genitourinary medicine	Private
GENERAL PSYCHIATRY		
Dr G Andrews	Mood disorders, anxiety/stress/addiction disorders, psychological aspects of physical illness, psychiatry of older adults and adolescents. Assessment and holistic treatment, CBT based on mindfulness, anxiety management and short term intervention	Private

GENERAL SURGERY		
Mr N Abbassi-Ghadi	General surgery, oesophageal/gastric surgery including hernia repair, gallstones, diagnostic/therapeutic upper-gastro-intestinal endoscopy, primary and revisional anti-reflux surgery and motility disorders of the oesophagus	Royal Surrey County Hospital
Mr S Irukulla	Laparoscopic general surgery, upper GI and bariatric surgery	Ashford And St Peter's Hospitals
Mr I Jourdan	General surgery, colorectal surgery, keyhole surgery, colon cancer screening, 3D keyhole surgery and groin hernia surgery	Royal Surrey County Hospital
Mr S Preston	General and laparoscopic surgery, hernia repair (laparoscopic and open), gallstones, anti-reflux surgery, endoscopy and colonoscopy, oesophageal and gastric cancer surgery (cancer network lead), Barrett's oesophagus and achalasia	Royal Surrey County Hospital
Mr J Stebbing	Colonoscopy, bowel cancer screening, assessment of bowel symptoms, management of inflammatory bowel disease & functional bowel problems (IBS, incontinence, constipation and prolapse disorders). General surgery including hernia surgery/lumps & bumps	Royal Surrey County Hospital

General Surgery

Our General Surgeons treat an extensive range of conditions including hernias, haemorrhoids and gall stones.

Your patients can use their private medical insurance or can choose to pay for their own treatment. They can even spread the cost interest-free*.

GERIATRIC MEDICINE		
Dr M Ganeshanathan	General internal medicine and medicine for older people: falls and black outs, confusion, cardiovascular disease, bone health and general decline	Royal Surrey County Hospital
Dr M Khan	Geriatric medicine and diseases common in the elderly population, dementia, syncope, fluctuating blood pressure, comorbidity	Epsom And St Helier University Hospitals
HAEMATOLOGY		
Dr S Appiah-Cubi	All aspects of clinical and laboratory haematology, including abnormalities of full blood count, myeloproliferative disorders, multiple myeloma, lymphoma, thrombophilia and bleeding disorders, anaemia and auto-immune disorder	Epsom And St Helier University Hospitals
Dr G Ivanov	Lymphoma, myeloma, anaemia, polycythaemia, thrombocythaemia, thrombosis and general haematology	Surrey And Sussex Healthcare
Dr M Potter	Haematological oncology - stem cell transplantation, acute leukaemia (AML and ALL), lymphoma (Hodgkins/non-Hodgkins), myeloma, myelodysplasia and myeloproliferative disorders	The Royal Marsden Foundation
NEUROLOGY		
Dr J Coebergh	Movement disorders, headache and migraine; cognitive and behavioural neurology, functional neurological symptoms, Wilson's disease, stroke and TIA, greater occipital nerve block, lumbar puncture	Ashford And St Peter's Hospitals
Dr O Malik	Multiple sclerosis, neuro-inflammatory conditions	Imperial College Healthcare
Dr M Mavra	Epilepsy, headache, Parkinson's disease, multiple sclerosis, neurological diseases in the elderly, medico-legal work	Royal Surrey County Hospital
Dr H Modarres	Clinical neurophysiology, electromyography (EMG) and nerve conduction studies (NCS)	St George's Healthcare
Dr P Trend	Headache and migraine, stroke, Parkinson's disease, dementia, epilepsy and blackouts, neuro-ophthalmology, neuro-oncology, multiple sclerosis, vestibular disease, head trauma	Royal Surrey County Hospital
OBSTETRICS AND GYNAECOLOGY		
Mr O Abughazza	Menstrual disorders, endoscopic and pelvic floor surgery, colposcopy, fertility investigation, ovarian cysts and early pregnancy problems	Royal Surrey County Hospital
Mr J Chatterjee	Women's health, gynaecology, oncology, hysterectomy, minimal access robotic and laparoscopic surgery, colposcopy, menopause, genetic oncology, genitourinary medicine (GUM)	Royal Surrey County Hospital
Mr P Curtis	General gynaecology, minimal access surgery, endometriosis, colposcopy, vaginal prolapse and miscarriage	Royal Surrey County Hospital
Mr Y Diab	Early pregnancy, acute gynaecology, reproductive health problems, pelvic floor surgery, pelvic pain, gynaecological ultrasound	Guy's and St Thomas' Foundation
Miss R Hutt	General gynaecology, including one-stop clinic with gynaecology ultrasound scans; vaginal prolapse, urinary incontinence, menstrual disorders, pelvic pain; laparoscopic minimal access surgery; hysterectomy, pelvic floor surgery, 3D obstetric scans	Royal Surrey County Hospital
Dr K Morton	General gynaecology, obstetrics, paediatric gynaecology	Royal Surrey County Hospital
Dr A Reid	Minimal access surgery including laparoscopy and hysteroscopy for ovarian cysts, pelvic pain, heavy menstrual and abnormal bleeding, early pregnancy and gynaecology scanning, urinary problems and prolapses, cervical and vulva conditions	Royal Surrey County Hospital
Miss S Whitcroft	General gynaecology, menopause, PCOS and insulin resistance	Private
OPHTHALMOLOGY		
Mr R Jayaswal	Refractive laser eye surgery (IntraLASIK, 3D Z-LASIK, LASEK, PRK), therapeutic laser eye surgery (PTK, topography guided laser), laser cataract surgery, refractive lens exchange (Premium lens technology), corneal transplantation DMEK, DSAEK, DALK, PK	Queen Mary's Sidcup
Mr C McLean	General ophthalmology, small incision cataract surgery, surgery for watery eyes, surgery for ptosis, ectropion, entropion, skin tumour removal from eyelids and removal of eyelid lumps and bumps	Royal Surrey County Hospital

OPHTHALMOLOGY		
Mr N Modi	Cataract surgery, glaucoma management, YAG and SLT laser treatment, oculoplastics and cosmetic eyelid surgery	Frimley Health Foundation
Mr T Poole	Cornea and external eye disease, cataracts and general ophthalmology	Frimley Health Foundation
Mr M Tappin	Advanced laser vision correction, cataract surgery, corneal transplant, glaucoma surgery, IOL Vip system, ophthalmology consultation, cataract surgery assessment, ophthalmic diagnostic testing	Ashford And St Peter's Hospitals
Professor S Taylor	Adult ophthalmology, cataract surgery (including the use of multifocal lenses and the correction of astigmatism), glaucoma, retinal disease, intraocular inflammation	Royal Surrey County Hospital

Ophthalmology

We offer consultant-led treatment for cataracts and other complex eye conditions. Your patients will be treated by the same consultant from start to finish guaranteeing continuity of care.

Your patients can use their private medical insurance or can choose to pay for their own treatment. They can even spread the cost interest-free*.

TRAUMA AND ORTHOPAEDICS SURGERY		
Mr K Acton	Hip and knee arthroscopic and joint replacement surgery; minimally invasive uncemented ceramic bearing THR; revision hip and knee arthroplasty; oncology - metastatic disease; ACL reconstruction, femoro-acetabular impingement; trauma and fracture care	Royal Surrey County Hospital
Mr S Chatakondur	Cervical discectomy, cervical disc replacement, thoracic surgery, microdiscectomy, lumbar decompression, spinal stenosis, disc prolapse, spinal tumours/fractures, vertebroplasty, spinal fusion, interspinous stabilisation and epidural injection	Frimley Health Foundation
Mr C Coates	Knee ligament reconstruction, knee replacement, arthroscopic surgery, paediatric orthopaedics	Royal Surrey County Hospital
Mr A Dinneen	Foot and ankle biomechanics, gait analysis, forefoot deformity correction including bunions and lesser toe deformities, sports injuries to lower leg, ankle and foot, painful arthritic joints, traumatic injuries to lower leg, ankle and foot, heel pain	Royal Surrey County Hospital
Miss K Gill	Investigation and treatment of most hip and knee complaints with specialist interest in hip and knee replacement	Royal Surrey County Hospital
Mr P Halliwell	Special interest in the management of foot and ankle orthopaedic problems in adults and children as well as in trauma surgery. Practice includes sports injuries and complex reconstructive work, including ankle joint replacement	Royal Surrey County Hospital
Mr A Hearnden	Upper limb (hand, shoulder and elbow)	Royal Surrey County Hospital
Mr S Hughes	Hand, wrist, shoulder and elbow surgery. Special interests include Dupuytren's, Carpal Tunnel, rotator cuff, fractures, sports injuries, tennis elbow, arthritis and general trauma	Royal Surrey County Hospital
Mr A Jalgaonkar	Hip & knee pain, minimally invasive hip & knee surgery, total hip replacement, hip impingement & labral tears, hip arthroscopy, total/partial knee replacement, knee arthroscopy, meniscal & cartilage injuries, joint injections, arthritis	Frimley Health Foundation
Ms J Kohls	Foot and ankle, including heel pain, sport injuries and hallux valgus (bunions)	Royal Surrey County Hospital
Mr M Lemon	Knee: specialist in all joint preserving treatment options from complex meniscal repair and ligament reconstruction to early arthritis realignment and partial or total replacement Hip: specialist in hip replacement for arthritis	Royal Surrey County Hospital
Mr J Logan	Hand and wrist surgery for degenerative and traumatic conditions, arthritis - fusion or arthroplasty, fracture fixation, tendon repair or transfer, nerve decompression and repair, ligament repair and reconstruction, arthroscopy	Royal Surrey County Hospital
Mr P Magnussen	Hand and wrist surgery, Dupuytren's contracture, ganglia, Carpal Tunnel Syndrome, trigger fingers/thumbs, thumb arthritis, hand and wrist pain, rheumatoid hands	Private
Mr A Sakellariou	Foot and ankle surgery: sports injuries and fractures of the foot and ankle, arthritis of the foot and ankle, bunion surgery, arthroscopic (keyhole) surgery of the foot and ankle	Frimley Health Foundation
Mr M Solan	Foot and ankle surgery, sports injuries, trauma, heel pain, toe pain / deformity, ankle instability, ankle pain injury and keyhole surgery	Royal Surrey County Hospital
Mr S Sturridge	Sports hip injuries, minimally invasive surgery, rapid recovery surgery, joint preserving hip surgery, hip arthroscopy, hip replacement surgery, knee surgery, knee arthroscopy, knee replacement surgery, revision arthroplasty	Frimley Health Foundation
Mr O Templeton-Ward	Knee surgery, arthroscopic surgery for meniscal and articular cartilage injuries, anterior cruciate ligament reconstruction, arthroscopic multi-ligament reconstruction, partial and total knee replacement and patient-matched knee replacement surgery	Royal Surrey County Hospital
Mr S Thompson	ACL reconstruction, revision ACL reconstruction, (arthroscopic) knee surgery, sports injuries, meniscal injuries and repairs, ligament injuries and repairs, complex ligament surgery, knee replacement surgery and hamstring-related injuries	Chelsea And Westminster Hospital Foundation
Mr A Way	Spinal surgery; neck & back pain; spinal injections; microdiscectomy & decompression surgery; cervical fusion & disc replacements; minimally invasive fusion surgery (ALIF, XLIF, MIDLIF, TLIF); spinal fractures & cement augmentation; spinal tumours	Frimley Health Foundation
Mr A Wee	Sports injuries, heel pain, bunions, arthritis of the foot and ankle joints	Frimley Health Foundation

UROLOGY		
Mr A Ali	General urology, urinary tract stones, urological oncology, non-muscle invasive bladder cancer (NMIBC) management	Frimley Health Foundation
Mr A Chetwood	General urology: lower urinary tract symptoms, penile/scrotal problems, urinary infections, stone disease, elevated PSA, haematuria. Sub-specialisms: urethral stricture disease, urinary incontinence, management of bladder/ureteric injuries	Frimley Health Foundation
Mr J Davies	General urology, urological oncology (prostate, kidney, bladder), children's urology, vasectomy and reversal, stone treatment, erectile dysfunction including Peyronie's disease	Royal Surrey County Hospital
Mr M Hussain	General urology, lower urinary tract symptoms, UroLift, Rezum, prostate cancer, laser urinary tract stone surgery, female urology, erectile dysfunction, bladder cancer, robotic and laparoscopic kidney surgery	Frimley Health Foundation
Mr D Moschonas	Endo-urology, oncology and urological oncology	Royal Surrey County Hospital
Mr H Mostafid	Bladder cancer, robotic radical cystectomy, minimally invasive stone surgery, urinary tract infection	Hampshire Hospitals Foundation
Mr R Nigam	Erectile dysfunction, male infertility, peyronies disease, vasectomy and vasectomy reversal. Prostate cancer: template & MRI-US fusion biopsies. Focal therapy/HIFU general urology: prostate/bladder/ problems; stones, male incontinence, penile cancer	Royal Surrey County Hospital
VASCULAR SURGERY		
Mr D Gerrard	General and vascular surgery, complex arterial surgery, including fenestrated aortic aneurysm surgery and the treatment of varicose veins using laser and VNUS, and spider (flare) veins by injection	Royal Surrey County Hospital

Your patients don't have to wait for treatment

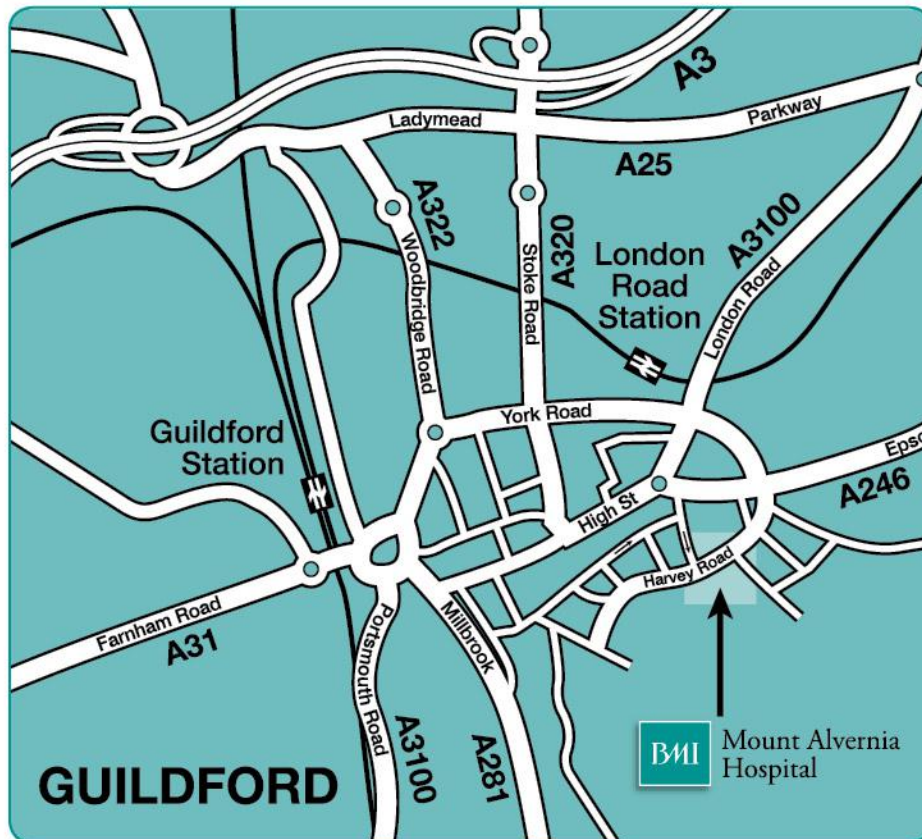

Let your patients know there are no waiting lists when they pay for themselves. Fast access to the consultant of their choice, usually within 48 hours, all-inclusive, fixed price treatments and the flexibility of spreading the cost interest-free*.
