

# Consultant Directory 2023

[www.circlehealthgroup.co.uk/park](http://www.circlehealthgroup.co.uk/park)

# The Park Hospital

The Park Hospital is Nottingham's largest private hospital, providing a consistently high level of care to the people of Nottinghamshire and beyond for nearly 40 years. The Park's extensive facilities and on-site support services allow our consultants to undertake a wide range of procedures from routine investigations to complex surgery.

The Park has access to some of the latest technology and equipment including:

- 5 Theatres
- Da Vinci Robot
- Fully equipped digital Cardiac Catheterisation Laboratory providing interventional cardiology
- 5 bed, level 3 intensive care unit
- A comprehensive diagnostic imaging department offering x-ray, ultrasound, CT, MRI and mammography
- JAG accredited endoscopy service
- Specialist cancer centre
- Full physiotherapy suite
- Pharmacy

**To refer your patient, please call 01159 662000**

ANAESTHETICS		
Dr R Bhansali (M)	PAIN MANAGEMENT  Degenerative spine disease, back and neck pain, shoulder pain and sciatica, knee and hip pains, myofascial pain, abdominal pain and pelvic pain	Chesterfield Royal Hospital Foundation
Dr V Hodgkinson (F)	PAIN MANAGEMENT  Advanced pain medicine, general and specialised; further interest in spinal pain, pelvic pain, neuropathic pain and psychological support	Nottingham University Hospitals
Dr B Veemarajan (M)	PAIN MANAGEMENT  Back pain, neck pain, sciatica, neuropathic pain, complex regional pain syndrome, myofascial pain, epidurals, facet joint injections, nerve root blocks, radiofrequency denervation	Sherwood Forest Hospitals Foundation
AUDIOLOGICAL MEDICINE		
Dr T Meehan (F)	Vertigo, dizziness, imbalance, hearing impairment, tinnitus, hyperacusis, Epley manoeuvre	Nottingham University Hospitals
BREAST SURGERY		
Mr R Macmillan (M)	Specialist breast surgeon, investigation/management of breast problems, breast cancer surgery/oncoplastic surgery, breast reconstruction, risk reducing breast surgery, cosmetic breast surgery, revisions	Nottingham University Hospitals
Miss G Oni (F)	Plastic surgery and oncoplastic breast surgery/reconstruction. Cosmetic procedures include: arm reduction/lift, breast enlargement/reduction/uplift, pinnaplasty, blepharoplasty, tummy tuck, gynaecomastia, thigh/buttock lift	Nottingham University Hospitals
Mr T Rasheed (M)	Abdominoplasty, breast augmentation/reduction/uplift, ear surgery, eyelid surgery, face/neck lift, fat transfer/liposculpture, penile enlargement, rhinoplasty, vaginoplasty, oncoplastic/reconstructive surgery, breast cancer assessment/surgery	Nottingham University Hospitals
CARDIO-THORACIC SURGERY		
Mr U Dandekar (M)	General adult cardiac surgery, coronary revascularisation, aortic and mitral valve surgery, special interest in beating heart and arterial coronary artery bypass grafting	University Hospitals Coventry And Warwickshire
Mr L Hadjinikolaou (M)	Adult cardiac surgery, heart bypass surgery	University Hospitals Of Leicester
Mr G Mariscalco (M)	Complex aortic surgery, aortic root replacement, aortic root repair, aortic valve repair, adult congenital heart surgery (GUCH)	University Hospitals Of Leicester
Mr A Szafrank (M)	Cardiac Surgery - mitral valve repair/replacement, AF surgery, aortic valve procedures, coronary artery bypass graft, aorta operations, heart tumours	Nottingham University Hospitals
Mr V Zlocha (M)	Cardiac Surgery - mitral valve repair/replacement, AF surgery, aortic valve procedures, coronary artery bypass graft, aorta operations, heart tumours	University Hospitals Of Leicester

# Cardiology and Cardiac Surgery

We have a dedicated cardiac team who provide a full service including investigations, diagnosis, treatment and surgery. Our Cardiac Cath-lab and 5 bed, level 3, intensive care unit allows us to do both interventional procedures and complex open heart surgery.

A fast diagnosis and treatment ensure your patient's heart is back to the right beat as soon as possible.

Your patients can use their private medical insurance or if they choose to pay for their own treatment, they can spread the cost with our flexible payment options.\*

**To refer your patient, please call 01159 662000**

CARDIOLOGY		
Dr A Ahsan (M)	Interventional cardiology (angioplasty and stents), pacemakers, implantable defibrillators, ablation for arrhythmias, chest pain, angina, heart failure, palpitations, atrial fibrillation, syncope, heart rhythm disturbances, blackouts	Nottingham University Hospitals
Dr K Baig (M)	Interventional cardiology - coronary artery angioplasty & stent, TAVI - percutaneous valve replacement therapies, pacemakers, heart failure, high blood pressure, recurrent fainting - POTS/neurocardiogenic syncope	Nottingham University Hospitals
Dr K Chitkara (M)	Angioplasty/stent, hypertension, high blood pressure, angina, heart attack, palpitations, arrhythmia, cardioversion, dizziness/fainting/vasovagal syncope, high cholesterol, POTS, edema, heart failure, heart valve/coronary artery disease	Derby Hospitals Foundation
Dr G Cooke (M)	General cardiology, heart failure, ischaemic heart disease, atrial fibrillation, echocardiography, transoesophageal echocardiography, permanent pacemakers	Doncaster And Bassetlaw Hospitals Foundation
Dr I Fazal (M)	Angina, heart failure and cardiomyopathy, rhythm disorders, pacemaker implantation, ICD (defibrillator) implantation, CRT-D implantation (cardiac resynchronisation therapy) for heart failure, syncope, inherited causes of sudden cardiac death	Sherwood Forest Hospitals Foundation
Dr E Grech (M)	Interventional cardiology (coronary angioplasty and stents, TAVI), general cardiology	Sheffield Teaching Hospitals Foundation
Dr S Jamil-Copley (F)	Heart rhythm disorders, palpitations, syncope, procedures including permanent pacemaker, ICD and cardiac resynchronisation devices, electrophysiology study and ablations	Nottingham University Hospitals
Dr P Jokhi (M)	General cardiology, coronary heart disease, heart failure, cardiac rhythm disturbances, valvular heart disease and hypertension, coronary artery disease, coronary angiography, coronary angioplasty	United Lincolnshire Hospitals
Dr A Krishnamurthy (M)	General cardiology, interventional cardiology (coronary angiography, angioplasty and stents), ischaemic heart disease	Sheffield Teaching Hospitals Foundation
Dr T Mathew (M)	General cardiology, heart failure, ischaemic heart disease, atrial fibrillation, echocardiography, transoesophageal echocardiography, permanent pacemakers, coronary angiography, cardiac MRI examination	Nottingham University Hospitals
Dr D O'Brien (M)	General cardiology, ischaemic heart disease, heart failure, cardiac rhythm disturbances & AF, valvular heart disease, hypertension, coronary artery disease, syncope, cardiomyopathy, echocardiography, coronary angiography & coronary angioplasty(PCI)	United Lincolnshire Hospitals
Dr W Smith (M)	General cardiology, investigation/medical management of angina, chest pains, heart failure, breathlessness, heart rhythm abnormalities & congenital heart disease. Interventions for coronary & valvular heart disease: angioplasty, stents, mitral valve, PFO	Nottingham University Hospitals
Dr A Vanezis (M)	Interventional cardiology including IVUS, OCT, rotablation, coronary physiology (FFR etc), IVL, implanting of IABP/IMPELLA devices, loop recorders with specialist interest in CTO and CHIP PCI	Nottingham University Hospitals
Dr R Varcoe (M)	Coronary artery disease, valvular heart disease, investigation of chest pain, coronary angioplasty, percutaneous coronary intervention, heart failure, palpitations, rhythm disorders	Nottingham University Hospitals
Dr V Venugopal (M)	General cardiology, coronary heart disease, heart failure, cardiac rhythm disturbances, valvular heart disease and hypertension, coronary artery disease, coronary angioplasty and cardiac CT	United Lincolnshire Hospitals
Professor N Wheeldon (M)	Special interest in inherited cardiac conditions - cardiomyopathy, arrhythmia, aortic disease and familial cholesterol problems. Coronary artery disease, coronary angioplasty procedures, coronary angiograms, heart valve and heart rhythm abnormalities	Sheffield Teaching Hospitals Foundation
CLINICAL NEUROPHYSIOLOGY		
Dr T Sabbubeh (M)	Adult and children electromyography (EMG), nerve conduction study (NCS), RNS and Single Fibre EMG study (SFEMG). Reports on all types of EEG recording (standard, ambulatory and videotelemetry) and all types of evoked potential studies	Nottingham University Hospitals

CLINICAL ONCOLOGY		
Dr A Anand (F)	Clinical oncology, chemotherapy, radiotherapy for breast and gynaecological cancers	Nottingham University Hospitals
Dr A Arora (M)	Pancreatic cancer, liver cancer, gall bladder cancer, bile duct cancer, lung cancer, neuroendocrine tumours, mesothelioma, breast cancer, chemotherapy, immunotherapy, targeted biological agents, precision medicine	Nottingham University Hospitals
Dr L Aznar-Garcia (M)	Hepatobiliary tumours, lung cancer, brain metastasis, brain tumours, radiotherapy, breast radiotherapy, systemic treatments, stereotactic radiosurgery and SABR	Nottingham University Hospitals
Professor S Chan (M)	Breast cancer female and male, ovarian, uterine, cervical and endometrial cancer, chemotherapy, hormone therapy, immunotherapy, radiotherapy including IMRT, SD-IORT, IGRT, SABR, breath hold, brachytherapy, research	Nottingham University Hospitals
Dr A Chaudhuri (M)	Non-surgical management of breast cancer, lung cancer, mesothelioma, chemotherapy, immunotherapy and radiotherapy including IMRT, IGRT and breath holding technique	United Lincolnshire Hospitals
Dr S Khan (F)	Breast cancer, lung cancer, chemotherapy, endocrine treatment, biological therapy, immunotherapy and targeted treatments	Nottingham University Hospitals
Dr J Mills (M)	Cancers of the prostate, colon, rectum, anus and bladder, chemotherapy, radiotherapy including IMRT and IGRT, biological therapy, hormone therapy, novel therapy - SIR Spheres, contact brachytherapy	Nottingham University Hospitals
Dr Z Stokes (F)	Colorectal, upper GI, pancreatic, liver, HPB, sarcoma, unknown primary, neuroendocrine	United Lincolnshire Hospitals
Dr S Sundar (M)	Prostate cancer, ovarian cancer, kidney cancer, bladder cancer and endometrial cancer, general management of bowel, lung, stomach, pancreas, breast and all other common cancers, chemotherapy, radiotherapy, hormone therapy, immunotherapy	Nottingham University Hospitals
Dr S Trivedi (M)	Anticancer treatment/care provided to patients with breast cancers of gynaecological origin. Planning systemic therapy to cancer patients including chemotherapy, endocrine therapy and biological therapies. Review/surveillance post-treatment	Nottingham University Hospitals
DERMATOLOGY		
Dr S Ayob (F)	Skin cancer, general dermatology; acne, eczema, psoriasis, connective tissue diseases, urticaria, skin surgery, moles, benign lesion removal	Nottingham University Hospitals
Dr A Patel (M)	Skin cancer, skin surgery, general dermatology including acne, eczema, psoriasis, laser, hyperhidrosis, moles, benign lesion removal, cryotherapy, dermoscopy, cyst removal and melanoma	Nottingham University Hospitals
Dr W Perkins (M)	Skin cancer, acne, moles, basal cell carcinoma, squamous cell carcinoma, dermatoscopy, melanoma, Bowen's disease, actinic keratoses, cysts, skin surgery, photodynamic therapy, cryotherapy, hyperhidrosis and laser	Oxford Radcliffe Hospitals
Dr S Varma (M)	Skin cancer, moles, BCC, SCC, MM (basal cell carcinoma, squamous cell carcinoma, melanoma), Bowen's disease, solar keratosis, suspicious pigmented lesions and mole checks	Nottingham University Hospitals
ENDOCRINOLOGY AND DIABETES MELLITUS		
Dr M Rathi (F)	Endocrinology including pituitary disease, thyroid disorders, reproductive endocrinology, endocrine causes of weight gain/loss, fatigue and tiredness, electrolyte imbalances. HRT, lipids, high cholesterol, osteoporosis and bone metabolism	Sandwell And West Birmingham Hospitals
GASTROENTEROLOGY		
Dr T Bowling (M)	Gastroenterology, dyspepsia, altered bowel habit, anaemia, IBS/IBD, gastroscopy, colonoscopy, undernutrition	Nottingham University Hospitals
Dr S Ryder (M)	Liver disease, viral hepatitis	Nottingham University Hospitals
Dr A Shonde (M)	Gastroenterology, capsule endoscopy, therapeutic gastroscopy and colonoscopy, IBD, bowel cancer screening	Sherwood Forest Hospitals Foundation

# Compassionate Diagnosis & Treatment

The Park Hospital offers you the reassurance of the full private cancer pathway for your patients, from screening and diagnostics, chemotherapy and radiotherapy, specialist surgery to complementary therapies and aftercare.

We offer innovative, consultant led treatments for a wide range of cancers including breast, bowel, gynaecological and urological.

Why refer your patient to The Park's Cancer Centre?

- Consultant led rapid access clinics to ensure a fast, accurate diagnosis for your patients, those you have great concern over or those who fall out of the 2-week NHS pathway
- The reassurance of multi-disciplinary teams, wrap around care and personalised treatment plans
- Direct referral into the NHS if required during any stage of the patient's treatment, preventing unnecessary return to general practice
- Specialist oncology support teams from nurses, pharmacists and physiotherapists to dietitians and complimentary therapists
- A range of support services for your patient and their family
- Calm and tranquil private environment where family and friends are welcome
- Convenient appointment times, free parking, Wi-Fi and tailored menus
- We work with all major insurers and approved specialist consultants, and offer flexible finance options for patients wishing to pay for themselves.\*

**To refer your patient, please call 01159 662000**

**GENERAL (INTERNAL) MEDICINE**

Dr G Subramanian (M)	General medicine, geriatrics, stroke medicine	Nottingham University Hospitals
----------------------	---	---------------------------------

**GENERAL PRACTICE**

Dr J Law (M)	Private GP Service	Private
--------------	--------------------	---------

**GENERAL SURGERY**

Mr A Acheson (M)	Colorectal surgery, colonoscopy, general surgery, laparoscopic surgery, hernias, lumps and bumps, haemorrhoids, fissures, pilonidal disease, inflammatory bowel disease	Nottingham University Hospitals
Mr E Alabraba (M)	Pancreas, liver surgery, gallbladder and hernia surgery, pancreatitis (pancreatic inflammation), and neuroendocrine tumours	Nottingham University Hospitals
Mr A Awan (M)	Robotic and laparoscopic surgery for cholecystectomy, gastric bypass, sleeve gastrectomy, inguinal and ventral hernia repair, anti-reflux surgery and hiatus hernia repair	Derby Hospitals Foundation
Mr A Brooks (M)	Abdominal wall hernias (inguinal, ventral, incisional), robotic abdominal wall, robotic groin hernia & robotic cholecystectomy surgery, liver & pancreas surgery, colorectal liver metastases, hepatobiliary surgery, biliary, liver & pancreatic cancers	Nottingham University Hospitals
Mr I Cameron (M)	Gallstones and gallbladder surgery, hernias and laparoscopic hernia surgery, liver and pancreatic tumours, colorectal liver metastases, general surgery including skin lumps and bumps	Nottingham University Hospitals
Mr J Catton (M)	Upper GI and general surgery, upper GI endoscopy, oesophageal and gastric cancer surgery, anti-reflux surgery, gallstones and gallbladder surgery, hernia surgery (all types) including laparoscopic and open surgery	Nottingham University Hospitals
Mr A Chowdhury (M)	Rectal cancer, laparoscopic and robotic surgery, transanal endoscopic operation, rectal bleeding including haemorrhoids, perianal fistulas and hernia surgery	Nottingham University Hospitals
Mr I Christakis (M)	Benign and complex cancer cases for endocrine surgery, minimal access thyroid surgery, parathyroid surgery and adrenal surgery	Nottingham University Hospitals
Mr S Dutta (M)	Gallstone and gallbladder surgery, laparoscopic and open inguinal, femoral and paraumbilical hernia surgery, incisional hernia surgery, lumps and bumps, parathyroidectomy	Nottingham University Hospitals
Mr C Maxwell-Armstrong (M)	Colorectal and general surgery, laparoscopic colorectal surgery, haemorrhoids, bowel cancer screening, faecal incontinence, fistulae fissure, hernias (all types), lumps and bumps, pilonidal disease	Nottingham University Hospitals
Mr A Menon (M)	Colorectal and general surgery, laparoscopic colorectal surgery, haemorrhoids, bowel cancer screening, faecal incontinence, fistulae fissure, hernias (all types), lumps and bumps, pilonidal disease	Sherwood Forest Hospitals Foundation
Mr A Navarro (M)	Gallbladder surgery & gallstones, laparoscopic cholecystectomy, laparoscopic hernia repair (all types), liver & pancreas surgery, management of liver, colorectal liver metastases, liver tumours, hepatobiliary surgery, biliary and pancreatic cancer	Nottingham University Hospitals
Professor J Scholefield (M)	Colorectal and general surgery, colorectal cancer surgery, anal fistula surgery, colonoscopy, hernia surgery, haemorrhoid and anal fissure treatment, lumps and bumps	Nottingham University Hospitals
Mr A Simpson (M)	Colorectal cancer, sarcoma, robotic and laparoscopic surgery, hernia surgery, haemorrhoid management, causes of rectal bleeding or discomfort including fistulae, abscess, skin tags, fissures and prolapse	Northumbria Healthcare Foundation
Mr C Sutton (M)	Upper gastrointestinal surgery, weight loss and anti reflux surgery, gastric balloon, overstretch, endoscopic sleeve, laparoscopic band, laparoscopic sleeve gastrectomy, laparoscopic mini gastric bypass, laparoscopic bypass	University Hospitals Of Leicester

# The future of healthcare is here

## The latest innovation in surgery, available at The Park Hospital

The Da Vinci Robot surgical system allows for more precision and encourages a faster recovery, enabling your patient to get back to the things they enjoy.

The Park offers robotic surgery for prostate cancer, colorectal cancer, hernias, gallbladder removal and hysterectomy procedures.

**To refer your patient, call 01159 662000**

HAEMATOLOGY		
Professor C Rinaldi (M)	General haematology, myeloproliferative neoplasms, lymphoma, myelodysplastic syndrome, leukaemia and myeloma, coagulation and thrombosis	United Lincolnshire Hospitals
NEUROLOGY		
Dr N Bajaj (M)	General neurology, headache, Parkinson's disease, memory problems, dementia	Nottingham University Hospitals
Dr N Evangelou (M)	Headache, migraine, Multiple Sclerosis, general neurology	Nottingham University Hospitals
Dr E Nikfekar (M)	Multiple Sclerosis, Parkinson's disease, headache and the use of botox injection for chronic migraine	Nottingham University Hospitals
NEUROSURGERY		
Mr G Dow (M)	Aneurysms, arteriovenous malformations, cavernomas, degenerative spinal pathology, microdissection, laminectomy, spinal decompression and pituitary tumours	Nottingham University Hospitals
Mr S Howarth (M)	Degenerative conditions, lumbar epidurals, nerve root blocks, microdissections, minimally invasive surgery, decompressions, cervical disc replacements. Neurospinal conditions: craniocervical junction, brain/spine tumours, hydrocephalus, shunts, neuroendoscopy	Nottingham University Hospitals
Mr I Robertson (M)	Spinal, skull base and pituitary	Nottingham University Hospitals
OBSTETRICS AND GYNAECOLOGY		
Mr B Biswas (M)	General gynaecology and urogynaecology, pelvic organ prolapse, urinary incontinence, pelvic floor dysfunction	Derby Hospitals Foundation
Mr S Dobson (M)	General gynaecological care - menopause, HRT, pelvic pain, endometriosis, PCOS, ovarian cysts, heavy menstrual bleeding, fibroids, pre-menstrual syndrome (PMS), hysterectomy, hysteroscopy and tubal surgery (including reversal of tubal sterilisation)	Chesterfield Royal Hospital Foundation
Mr K Gajjar (M)	Gynaecological cancers/pre-cancer (vulval, ovarian, endometrial, cervical), women's health, laparoscopic surgery, colposcopy, hysteroscopy, post menopausal bleeding, ovarian cysts, vulval conditions, robotic assisted hysterectomy, endometriosis, menopause, HRT	Nottingham University Hospitals
Miss C Gan (F)	Gynaecological cancers (including investigations and treatment), general gynaecology, menstrual disorders, colposcopy, women's health screening, vulval disorders, minimal access surgery	Nottingham University Hospitals
Mr G Geary (M)	General gynaecology - heavy menstrual bleeding, endometriosis, pelvic pain, pelvic floor prolapse, vulval problems, vaginal discharge, gynaecological cancers	Chesterfield Royal Hospital Foundation
Miss Z Haoula (F)	Gynaecology, menstrual disorders, colposcopy, menopause, polycystic ovary syndrome, minimal access surgery	Nottingham University Hospitals
Ms D Mathew (F)	Investigating suspected gynaecology cancer and treatment, menstrual disorders, polycystic disease, pelvic pain, HRT counselling, laparoscopic procedures, hysteroscopy, endometrial ablation, recurrent miscarriage, urogynaecology, colposcopy, prolapse	Chesterfield Royal Hospital Foundation
Miss S Sahu Bhansali (F)	Menstrual disorders, endometriosis, polycystic ovary syndrome, female hormonal disorders, uterine and vaginal wall prolapses, urinary symptoms, vaginal pessary fittings for prolapse, diagnosis of vulval skin conditions	Chesterfield Royal Hospital Foundation
Miss S Ward (F)	General gynaecology, cancer	Nottingham University Hospitals
OPHTHALMOLOGY		
Mr A Alwitary (M)	Small incision cataract/complex cataract surgery, premium intraocular lenses, general ophthalmology, astigmatism correcting lenses, presbyopia correction, glaucoma treatment including laser therapy	Private
Professor H Dua (M)	Cataract surgery and phakic implants; corneal surgery-transplants, pterygium, keratoconus, crosslinking; corneal and conjunctival infections, allergies and dry eyes	Nottingham University Hospitals

**OPHTHALMOLOGY**

Mr G Orr (M)	General ophthalmology, medical and surgical retinal disease	Nottingham University Hospitals
Miss D Said (F)	Cataracts, corneal surgery including grafts, pterygium surgery, amniotic membrane surgery	Nottingham University Hospitals
Mr S Subramaniam (M)	Cataract/complex cataract, general ophthalmology, multifocal/trifocal/toric lenses, laser eye surgery and lens implants for vision correction and laser cataract surgery	Sherwood Forest Hospitals Foundation
Mr S Thomas (M)	Strabismus, squints, cataracts, neuro and general ophthalmology	Nottingham University Hospitals
Professor S Vernon (M)	Cataract surgery including complex cases, utilising extended depth of focus and toric (astigmatism correcting) lens implants where appropriate, glaucoma (medical and surgical/laser management) and neuro-ophthalmology	Private

**ORAL AND MAXILLOFACIAL SURGERY**

Professor M Nusrath (M)	Head & Neck- facial lumps, moles, sebaceous cysts, scar revision, head & neck basal cell carcinomas/squamous cell carcinoma, oral ulcers/lumps/precancers, dental extractions, jaw cysts, salivary gland tumours, cancers, facial trauma & fractures	Sheffield Teaching Hospitals Foundation
Professor A Sidebottom (M)	TMJ (temporomandibular joint) disorders, facial pain, wisdom tooth/dental extractions, facial deformity, facial trauma, dental implants, soft tissue lumps, bumps & ulcers in the mouth, skin lumps & bumps on the face, benign saliva gland problems	Private
Mr D Srinivasan (M)	Dental extractions including wisdom teeth, facial deformity surgery, surgery for obstructive sleep apnoea, oral surgery, facial trauma	Nottingham University Hospitals

**OTOLARYNGOLOGY**

Mr A Chidambaram (M)	General ENT, ear conditions, nasal and sinus disease, adenoidectomy, tonsillectomy, grommet insertion, myringoplasty, septoplasty, sinus surgery, benign head, neck and throat conditions	Sherwood Forest Hospitals Foundation
Mr N Fergie (M)	All adult/childhood ENT, diagnosis and management of ear conditions including chronic middle ear disease, balancing, hearing loss and tinnitus, childhood surgery including tonsillectomy, adenoidectomy, grommets, pinnaplasty/otoplasty, nasal cautery	Nottingham University Hospitals
Professor D Hartley (M)	ENT conditions in adults and children, hearing loss, chronic ear disease and cholesteatoma, ear surgery, grommets, mastoidectomy, bone-anchored hearing aids and cochlear implants, balance problems, tinnitus and dizziness, tonsils and adenoids	Nottingham University Hospitals
Professor A Kasbekar (M)	All ENT conditions in children and adults, tonsillectomy, adenoidectomy, sleep apnoea, grommets, epistaxis, cholesteatoma and mastoidectomy, ear surgery, hearing loss, hearing implants including bone anchored hearing aids, balance/dizziness, tinnitus	Nottingham University Hospitals
Mr Y Ramakrishnan (M)	Rhinology, Functional Endoscopic Sinus Surgery (FESS), nasal polypectomy, septoplasty, turbinate surgery, sinonasal cancer, rhinoplasty, snoring, allergy testing, sore throat, tonsillectomy	Nottingham University Hospitals
Professor A Sama (M)	Cosmetic nasal surgery, rhinology & skull base surgery. Cosmetic & functional rhinoplasty, sinus surgery (FESS & navigation assisted), balloon sinuplasty, septal & turbinate surgery. Nasal allergies/polyposis/tumours, chronic sinusitis, snoring/sleep apnoea	Nottingham University Hospitals
Professor L Sneddon (F)	ENT conditions in adults and children, hearing loss, hoarseness, thyroid lumps, neck lumps, voice problems, swallowing difficulties, nasal blockage, sinus pain, tinnitus, tonsils and adenoids, grommets, neck pain, throat pain	Nottingham University Hospitals

**PLASTIC SURGERY**

Mr M Henley (M)	General plastic, reconstructive surgery, cosmetic surgery, nasal surgery	Nottingham University Hospitals
Mr S McCulley (M)	Reconstructive, oncoplastic and cosmetic breast surgery. Therapeutic mammoplasty and local perforator flaps, mastectomy techniques, microvascular autologous breast reconstruction and the planning of radiotherapy in reconstruction	Nottingham University Hospitals
Mr C O'Boyle (M)	General plastic and cosmetic surgery, skin surgery	Nottingham University Hospitals

PLASTIC SURGERY		
Miss G Oni (F)	Plastic surgery and oncoplastic breast surgery/reconstruction. Cosmetic procedures include: arm reduction/lift, breast enlargement/reduction/uplift, pinnaplasty, blepharoplasty, tummy tuck, gynaecomastia, thigh/buttock lift	Nottingham University Hospitals
Mr T Rasheed (M)	Abdominoplasty, breast augmentation/reduction/uplift, ear surgery, eyelid surgery, face/neck lift, fat transfer/liposculpture, penile enlargement, rhinoplasty, vaginoplasty, oncoplastic/reconstructive surgery, breast cancer assessment/surgery	Nottingham University Hospitals
Ms A Raurell (F)	Breast enlargement, breast reduction and breast uplift, tummy tucks, liposuction, arm lifts and aesthetic non surgical treatments	Nottingham University Hospitals
PODIATRY		
Mr J Pavier (M)	Bunions, hammer toe correction, revision foot surgery, painful big toe joints, Morton's Neuroma, plantar fasciitis, pain management injections	Private
PSYCHOTHERAPY		
Dr J Levene (F)	Psychological assessment and therapy using a range of psychological theories and models, including but not limited to CBT, ACT, CFT, other mindfulness-based approaches	Sherwood Forest Hospitals Foundation
Dr C Reading (F)	Clinical psychology including physical health	Private
RESPIRATORY MEDICINE		
Dr S Kemp (M)	General respiratory medicine, cough, COPD/emphysema, interventional bronchoscopy, cancer and lung nodules	Royal Brompton And Harefield
RHEUMATOLOGY		
Dr K Lim (M)	Adult and adolescent rheumatology, inflammatory and multi-system autoimmune rheumatic diseases, gout and fibromyalgia	Sherwood Forest Hospitals Foundation
TRAUMA AND ORTHOPAEDICS SURGERY		
Mr A Aladin (M)	Lower limb and complex/revision hip arthroplasty	Sherwood Forest Hospitals Foundation
Mr D Armstrong (M)	Hand & wrist treatments/surgery - carpal tunnel syndrome, cubital tunnel syndrome, dupuytren's contracture, joint pain (injections), ganglions, trigger finger, hand & wrist arthritis, De Quervains disease, wrist instability, musicians hand problems	Derby Hospitals Foundation
Mr N Badhe (M)	Sports injuries: arthroscopy, ACL, multiligament reconstruction & patellar instability (unstable knee), total hip replacement, total knee replacement & revision knee replacement	Nottingham University Hospitals
Mr S Badhe (M)	Hip replacement, knee replacement, arthroscopy	Sherwood Forest Hospitals Foundation
Mr R Berber (M)	Hip replacement, knee replacement, knee arthroscopy, joint pain treatment (joint injections), sports injuries	Nottingham University Hospitals
Mr A Bidwai (M)	Traumatic and degenerative shoulder and elbow problems including rotator cuff tears, impingement syndrome, calcific tendinitis, ACJ injuries, frozen shoulder, shoulder instability and shoulder and elbow arthritis, tennis elbow	Sherwood Forest Hospitals Foundation
Mr B Bloch (M)	Knee arthroscopy, knee cartilage surgery, osteotomy around the knee, partial knee replacement, total knee replacement, revision knee replacement, total hip replacement	Nottingham University Hospitals
Mr A Broodryk (M)	Lower limb, hip and knee	Nottingham University Hospitals
Mr V Desai (M)	Knee replacement, hip replacement, arthroscopic surgery(key hole operations), ACL reconstruction, arthroscopic knee surgery, meniscal injuries, complex knee problems, young patients with knee problems, sports injuries, patella (knee cap) dislocations	Sherwood Forest Hospitals Foundation
Mr S Dhar (M)	Lower limb, foot and ankle	Nottingham University Hospitals
Mr N Downing (M)	Hand surgery: including carpal tunnel syndrome, cubital tunnel syndrome, trigger digits, ganglia, Dupuytren's disease, thumb arthritis	Nottingham University Hospitals

TRAUMA AND ORTHOPAEDICS SURGERY		
Mr R Fanous (M)	Shoulder and elbow procedures: injections to shoulder/elbow/hand/wrist, shoulder and elbow arthroscopic procedures (diagnostic and therapeutic), shoulder and elbow open procedures to include arthroplasty, carpal and cubital tunnel	Nottingham University Hospitals
Mr J Geoghegan (M)	Open and arthroscopic surgery of the shoulder and elbow, sports injuries of the shoulder, shoulder injuries, instability, rotator cuff tear, arthritis, frozen shoulder & impingement, elbow arthritis, golfers & tennis elbow, cubital tunnel syndrome	Nottingham University Hospitals
Mr B Gooding (M)	Shoulder: sports injuries, soft tissue injury, degenerative conditions, shoulder fractures. Elbow: sports injuries, trauma, soft tissue and ligament injuries, arthritis and elbow replacement, steroid and PRP injections	Nottingham University Hospitals
Mr D Hahn (M)	Knee and hip surgery, ACL reconstruction, knee replacement, partial knee replacement, arthroscopic knee surgery, meniscal injuries, patella instability, sports injuries for elite and professional sportsmen and recreational sports injuries	Nottingham University Hospitals
Mr M Higgins (M)	Total hip replacement, revision total hip replacement, total knee replacement, knee arthroscopy and debridement	Nottingham University Hospitals
Mr P James (M)	Lower limb arthroplasty especially total hip replacement, total knee replacement, revision knee replacement and arthroscopy of the knee	Nottingham University Hospitals
Mr J John (M)	Lower limb arthroplasty including revision surgery of the knee, hip replacement, knee replacement, partial knee replacement, ligament reconstruction of the knee including ACL reconstructions and multi ligament	Sherwood Forest Hospitals Foundation
Mr S Karupiah (M)	Foot & ankle surgery/minimally invasive surgery - bunion, plantar fasciitis, foot & ankle deformities, diabetic foot, rheumatoid foot & ankle, big toe arthritis/fusion, hammer toe, Morton's neuroma, heel pain, sports injuries	Nottingham University Hospitals
Mr P Kothari (M)	All forms of foot & ankle surgery including bunion surgery, surgery for arthritis & flat foot, sports injuries, ankle ligament injuries, ankle arthroscopy	Sherwood Forest Hospitals Foundation
Mr S Kulkarni (M)	Hip & knee replacement, knee arthroscopy, ACL reconstruction	Sherwood Forest Hospitals Foundation
Mr J Kurian (M)	Shoulder – sport injuries, rotator cuff tears, impingement, frozen shoulder shoulder, AC joint problems  Elbow- tennis elbow, golfers elbow, ulnar nerve entrapment	Sherwood Forest Hospitals Foundation
Mr A Manktelow (M)	Hip pain and assessment of hip pathology, hip surgery with primary and complex hip replacement, including minimally invasive surgery, hip resurfacing surgery and revision hip replacement.	Nottingham University Hospitals
Mr H Matar (M)	Knee arthroscopy, partial knee replacement, total knee replacement, revision knee replacement, total hip replacement, revision total hip replacement	Nottingham University Hospitals
Mr I Mersich (M)	Hip replacement, knee replacement, knee arthroscopy	Private
Mr N Paskou (M)	Degenerative spinal conditions of the lumbar and cervical spine, osteoporotic vertebral fractures, spinal trauma, infections, tumors, spinal oncology, minimally invasive surgery, trauma and infection, osteoporotic spine, spinal injections	Nottingham University Hospitals
Mr N Quraishi (M)	Spinal surgery including cervical surgery, low back pain/sciatica, minimally invasive surgery, trauma and infection, spinal oncology/deformity surgery	Nottingham University Hospitals
Mr M Raglan (M)	Bunions, painful big toe, Morton's neuroma, mid foot pain, deformity, ankle pain, sports injuries. All foot and ankle surgery with interests in minimal invasive surgery, keyhole surgery, total ankle replacement, tendon pain and injuries	Nottingham University Hospitals
Miss M Schreuder (F)	Arthritis of hand and wrist, carpal tunnel, Dupuytren's, sports injuries, nerve related conditions, ganglion, elbow arthroscopy, ligament reconstruction, trigger finger treatment	Sherwood Forest Hospitals Foundation
Mr K Sehat (M)	Knee replacement surgery, knee arthroscopy, hip replacement surgery, hip impingement surgery, injuries	Nottingham University Hospitals

**TRAUMA AND ORTHOPAEDICS SURGERY**

Mr M Shafafy (M)	Treatment of spinal conditions from back pain and sciatica to spinal deformities such as scoliosis. Patient tailored treatments from simple injections, minimally invasive surgery, to spinal deformity correction	Nottingham University Hospitals
------------------	--	---------------------------------

**UROLOGY**

Mr A Bhojwani (M)	Prostatectomy for BPH, stone surgery, general urology, prostate cancer	Sherwood Forest Hospitals Foundation
Mr D Bodiwala (M)	Urology, benign prostate diseases, bladder/kidney stone disease, bladder cancer, erectile dysfunction, incontinence, prostate cancer, urinary tract infections, urological cancers, urological pathology, interest in stone disease	Nottingham University Hospitals
Mr P Goodall (M)	Bladder cancer, renal cancer, laparoscopic/minimally-invasive and open surgery, benign urological and prostate conditions, general urological conditions for male and female	Nottingham University Hospitals
Mr W Green (M)	General male and female urology, bladder cancer, kidney cancer, prostate cancer diagnostics, benign prostate surgery (TURP), male urinary tract symptoms, laparoscopic surgery, incontinence, erectile dysfunction	Nottingham University Hospitals
Mr G Mann (M)	Prostate, kidney, testis/scrotal conditions, laparoscopy, vasectomy reversal	Nottingham University Hospitals
Mr R Parkinson (M)	Female urology, incontinence, vaginal prolapse, UTIs, general urology, male incontinence, artificial sphincter surgery, sacral neuromodulation	Nottingham University Hospitals
Mr H Ratan (M)	Urinary tract stone disease, benign prostatic disease, general urology, lithotripsy	Nottingham University Hospitals
Mr B Sherwood (M)	Prostate cancer, transperineal template prostate biopsy, robotic prostatectomy, benign prostatic disease, kidney cancer, bladder cancer, prostate mapping, lower urinary tract symptoms and general urology	Nottingham University Hospitals
Mr T Walton (M)	Prostate cancer, transperineal template prostate biopsy, robotic prostatectomy, renal and upper tract urothelial cancer, laparoscopic and robotic renal surgery, lower urinary tract symptoms and general urology	Nottingham University Hospitals

**VASCULAR SURGERY**

Mr B Braithwaite (M)	Vascular surgery, venous surgery, varicose veins, keyhole vein surgery, foam sclerotherapy, laser vein surgery, VNUS vein surgery	Nottingham University Hospitals
Mr S MacSweeney (M)	Minimally invasive treatment of varicose veins, endovascular repair of abdominal aortic aneurysms, surgery for prevention of stroke, treatment of vascular disease of the legs	Nottingham University Hospitals
Mr A Oluwole (M)	Varicose veins, thread veins, endovenous treatments including ablation, foam sclerotherapy, venaseal glue, endovascular aneurysm repair, aortic aneurysm, peripheral vascular disease, botox injection for sweaty armpits	Nottingham University Hospitals

# Orthopaedics

We place patients at the heart of their care with personalised treatment plans to help them manage their joint pain condition as effectively as possible.

Our multidisciplinary teams of orthopaedic consultants, pain management specialists and physiotherapists provide fast access to expert treatment options in a safe and comfortable environment.

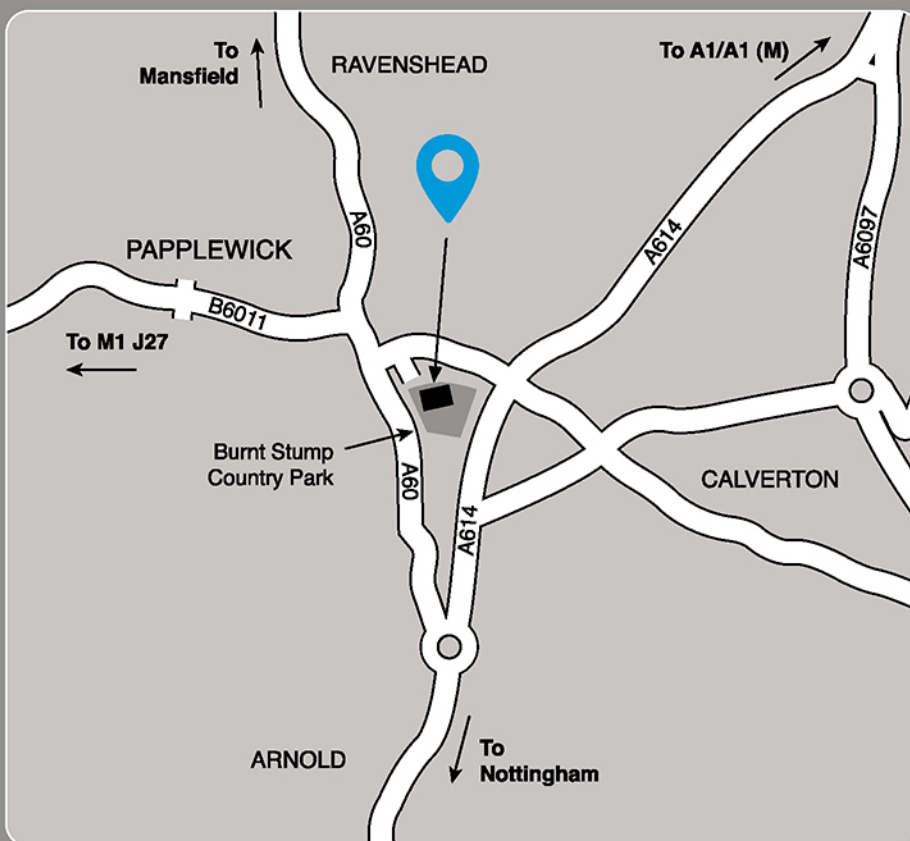

Your patients can use their private medical insurance or pay for their own treatment. They can even spread the cost interest-free\*.
