The Sloane Hospital is part of Circle Health Group, the UK's largest provider of independent healthcare*

At Circle Health Group, we have over 54 hospitals and healthcare facilities nationwide. Throughout these locations, we treat more than 300,000 patients and manage over 1.5 million outpatient visits every year, offering a wealth of experience, highly complex surgery, a patient-centred approach, and access to some highly specialised consultants. The Sloane Hospital also has access to some of the latest technology and equipment, including:

- 12 consulting rooms
- Minor operations and clinical areas
- Physiotherapy
- 64-slice CT
- Ultrasound
- X-ray
- 32 patient rooms
- Diagnostic imaging
- One non-laminar flow operating theatre
- One laminar flow operating theatre
- Mammography
- MRI

Circle Health Group is proud of its consistently low hospital infection rates for MRSA bacteraemia and Clostridium difficile. This is achieved by a carefully planned regime of rigorous infection prevention policies, surveillance, training and exceptionally high standards of cleaning.

*During the period of January - December 2022 The Sloane Hospital received 1835 completed patient surveys.
