*The initial consultation is not included within the price. Prices and aftercare are confirmed after initial consultation with a consultant specialist. Prices correct at time of printing (December 2018). The fixed-price package includes the cost of your post-operative care, as clinically required by your consultant, including the removal of stitches, dressings or plaster; tests and scans, one follow-up consultation with your consultant, and treatment for any clinical complications directly related to your surgery for six months following your discharge from our hospital following the procedure, provided that such post-operative care and complications are treated at our hospital; and you have followed the advice of your consultant and other healthcare professional involved in your care or treatment at our hospital. The decision as to whether a complication is related to the procedure rests with your consultant or healthcare professional. If you have a fixed-price package for cosmetic surgery and this surgery does not match your consultant's expectations, revision surgery may be provided free of charge (subject to approval of our hospital's executive director), provided this is identified by your consultant to us within six months of your initial admission. If the cosmetic result of your surgery meets the consultant's expectation, any revision surgery will be chargeable at our hospital's and consultant's standard fees. Not all consultants participate in the offering of fixed price packages and therefore the 6 months aftercare is not guaranteed and subject to the consultant. For more information please visit www.bmihealthcare.co.uk/paying-for-yourself. **Initial physiotherapy assessments start from £54, follow up appointments start from £42. Specialist physiotherapy prices vary. ***BMI Card is a credit facility offered by BMI Healthcare Limited, BMI Healthcare House, 3 Paris Garden, London, SE1 8ND. 0% interest for 12 months then 0.79% per month, representative 9.9% APR variable. Up to £20,000 available (subject to status). Monthly repayment 5% of balance or £25 whichever is greater or balance if lower than £25.
