

BMI Goring Hall Hospital

Introduction

Consultants are critical to each BMI Healthcare hospital. However in common with most private healthcare operators, BMI Healthcare does not employ these consultants. Instead, consultants working in our hospitals are essentially self-employed practitioners who see and treat patients at our hospitals under the terms of our 'credentialing' or 'practising privileges' policy.

It is important that we are transparent about our relationship with our consultants and therefore via our corporate webpages and below, we have set out some of the ways in which we work together.

Higher Value Services

Consultants are charged £20 per hour for using consulting rooms at this hospital, except in relation to NHS patients.

Lower Value Services

We provide a number of support services to our consultants, for which we do not make a charge. Further details are provided via our corporate webpages.

General Corporate Hospitality

At this hospital, we provide general corporate hospitality as detailed via our corporate webpages.

Financial Interests

Mr Peter Fox, Consultant Ophthalmic Surgeon, owns an ophthalmology OCT scanner and Yag laser. The hospital pays a charge for the use of this equipment.

Drs Mark Signy, Robert Hatrick, Jack McCready, Sukhbir Dhamrait and Nicholas Pegge, Consultant Cardiologists, own an ECG machine. The hospital pays a charge for use of this machine.

Mr Mario Caruana, Consultant Vascular Surgeon, owns a VNUS machine. The hospital pays a charge for use of this machine.

Services Arrangements

There are no consultants holding part-time positions at our hospital.

Questions
