

BMI The Lincoln Hospital

Introduction

Consultants are critical to each BMI Healthcare hospital. However in common with most private healthcare operators, BMI Healthcare does not employ these consultants. Instead, consultants working in our hospitals are essentially self-employed practitioners who see and treat patients at our hospitals under the terms of our 'credentialing' or 'practising privileges' policy.

It is important that we are transparent about our relationship with our consultants and therefore via our main website and below, we have set out some of the ways in which we work together.

Higher Value Services

Consultants are charged £18 per hour for using consulting rooms at this hospital and £15 per hour (plus VAT) for using our medical secretarial services, except in relation to NHS patients.

Lower Value Services

We provide a number of support services to our consultants, for which we do not make a charge. Further details are provided via our main website.

General Corporate Hospitality

At this hospital, we provide general corporate hospitality as detailed via our main website.

Financial Interests

Mr Paul Tesha, a Consultant Ophthalmic Surgeon, owns some equipment used for non-invasive imaging of the eye (optical coherence tomography). The hospital pays a charge for using this equipment.

Services Arrangements

There are no consultants holding part-time positions at our hospital.

Questions

Should you have any further questions in this area, please contact us by email at company.secretary@bmihealthcare.co.uk.
