

## **BMI Sutton Medical Centre**

### ***Introduction***

Consultants are critical to each BMI Healthcare hospital and clinic. However in common with most private healthcare operators, BMI Healthcare does not employ these consultants. Instead, consultants working in our hospitals and clinics are essentially self-employed practitioners who see and treat patients at our hospitals and clinics under the terms of our 'credentialing' or 'practising privileges' policy.

It is important that we are transparent about our relationship with our consultants and therefore via our corporate webpages and below, we have set out some of the ways in which we work together.

### ***Higher Value Services***

Consultants are charged £23 per hour for using consulting rooms at BMI Sutton Medical Centre, except in relation to NHS patients.

### ***Lower Value Services***

We provide a number of support services to our consultants, for which we do not make a charge. Further details are provided via our corporate webpages.

### ***General Corporate Hospitality***

At this clinic, we provide general corporate hospitality as detailed via our corporate webpages.

### ***Financial Interests***

Many of the consultants at Sutton Medical Centre also practice at BMI The Priory Hospital; please therefore also see the information provided via the BMI The Priory Hospital webpage regarding consultants with financial interests. Other than those disclosed via that webpage, there are no other consultants with financial interests in equipment used or services and facilities operated within or at this site.

### ***Services Arrangements***

There are no consultants holding part-time positions at this site.

### ***Questions***

Should you have any further questions in this area, please contact us by email at [company.secretary@bmihealthcare.co.uk](mailto:company.secretary@bmihealthcare.co.uk).
