BMI Healthcare

Serious about health.
Passionate about care.

Having cosmetic surgery can be a life changing decision and finding the right consultant and facility for your treatment is crucial. From your first consultation with us to your procedure and aftercare, you will always be with the same specialist consultant surgeon and with a network of over 59 hospitals, there's bound to be a location that's convenient for you and your family. We even hold regular open evenings so you can come and meet our expert consultants so you can understand your options.

It's **the little things** that make the difference.

WHY BMI HEALTHCARE?

More and more people are making changes to the way they look - from their ears, noses and eyelids to their breasts, bottoms and stomachs. Cosmetic surgery is so much more accessible these days. But with all the different treatments on offer, and all the clinics and hospitals to choose from, how can you be sure what's right for you?

It's simple. The people who know most about cosmetic surgery are the consultant specialists themselves.

And that's who you'll talk to at BMI Healthcare. Make an appointment now and you can have an in-depth, face-to-face chat in complete privacy with one of our specialists. Tell them what you want to achieve, and why. Explore all the options, find out more about the treatments – what's involved, the pros and cons, what results you can expect and how much it will all cost.

With BMI Healthcare you can make a fully informed decision about the surgery you are considering, and proceed with complete confidence knowing you are in the safe hands of a consultant surgeon you know, working with the UK's largest private healthcare provider.

CLEAR AND ALL-INCLUSIVE PRICING

Cost is, of course, a major consideration in selecting your cosmetic surgery provider. Our treatments are carried out by consultant specialists and all our costs are clear and inclusive, with no hidden extras. We can even offer helpful finance facilities too, with our very own BMI Card.

When you call our helpline, one of our advisers will explain the charges for your initial consultation before making a booking for you. At your appointment your surgeon will give you a good idea of the costs involved – which will then be confirmed in writing before you proceed. Our inclusive prices normally cover all the charges for your treatment and care, the consultants' fees for the surgery, and aftercare consultation.
