

PAIN MANAGEMENT

INDIVIDUAL PRESCRIPTION PLANS

Pain Management Clinic

Many people worry about hospital treatments or procedures, especially potential pain and discomfort. BMI Healthcare, our multidisciplinary team including nurses, clinicians and pharmacists are dedicated to making your care as pain-free and as comfortable as possible. They will personally discuss and explain any pain you may experience with you, and make sure you have the necessary medications. We'll also call you within 2 days after discharge, just to make sure you're coping, and someone is around 24 hours a day should you ever feel like a chat about your treatment, or just need some further reassurance or advice.

It's **the little things** that make the difference.

DO YOU SUFFER FROM ACUTE OR CHRONIC PAIN PROBLEMS THAT STOP YOU LIVING YOUR LIFE TO THE FULL?

Early education on how to manage your pain, combined with the appropriate treatment for your individual needs may substantially reduce the need for surgery or reduce the risk of your condition becoming worse. Whether you have private medical insurance or not, BMI Healthcare team can help you manage your pain.

BMI Healthcare hospitals offer you rapid access to a dedicated pain specialists. Our specialists consultant is not only skilled and experienced, they understand that your pain is personal and that no two people experience it the same way.

We realise that pain can affect all areas of your life such as your ability to work, your personal relationships with friends and family and even your sleep.

When you need help with pain relief, it is important to have fast access to effective treatment. Our pain management team offer treatments for a broad range of conditions and can advise on the most appropriate solution for you.

With the right guidance and treatment, much can be done to manage and alleviate your pain and put you back in control of your life.

WHAT BENEFITS WILL I HAVE FROM THE PAIN MANAGEMENT CLINIC?

- Consultation with a pain specialist
- Full assessment of your condition
- Fast access to relevant diagnostic tests
- A personalised treatment programme
- Access and referral to other health care professionals where appropriate, to continue your effective care and treatment

Conditions treated include:

- Back pain
- Neck pain
- Face pain
- Cancer pain
- Headaches
- Muscle and joint problems
- Persistent pain after surgery
- Sciatica and other spinal nerve problems
- Muscle and joint problems
- Nerve injury or dysfunction (neuralgia)

HOW CAN I ACCESS TREATMENT?

Following your first consultation you may need a diagnostic investigation to assist your consultant to determine what treatment options are best for you. You will be informed of any costs which may be incurred prior to these investigations taking place. If treatment is required, we will provide you with a written quotation before proceeding.

You will know exactly how much your treatment will cost in advance with no hidden extras, giving you full peace of mind if you do not have private medical insurance.

If you do have private medical insurance, you will need to check your cover with your insurance company before confirming your appointment, you also may require a GP referral depending on your policy.
